Schedule for Summer/Fall 2021

Get a Job Thursday

Every Thursday 10:30 - 1 p.m.

Come to our training center to explore open jobs and speak with a career counselor and hiring employer.

In-Person Job Fairs

August 25 October 28
 September 30 December 2
 10:30 - 1 p.m.

Meet with Employers who are hiring NOW!

Training Start Dates

Industrial Sewing	Polish-Up and General Manufacturing Cohorts	Forklift Recertification
July 26 - August 22	August 16	August 27
September 13 - October 8	August 30	September 10
October 4 - October 29	September 13	September 24
October 25 - November 19	September 27	October 8
November 19 - December 21	October 4	October 22
	October 25	November 5
	November 8	November 19
	November 29	December 10
	December 13	
	December 27	

General training begins on same day for all members of a cohort with Polish-Up and certifications administered to determine where students need to begin their individual training plan for the occupation they have chosen. Most students will complete their training in small groups, participating in hands-on learning. Students progress within the training framework at an individual pace, geared to the expected completion date.

All cohorts begin with the Polish-Up module, which prepares a resume, provides an overview of the current hiring procedures, and interview practice. Employment readiness assessment and manufacturer targeting will be offered. For many participants, direct placement will follow with total program time of three days or less.

Shop Floor Occupations	Max Training Time	Shop Floor Occupations	Max Training Time
Industrial Sewing	17-22 days	Production Technician I	14 days
Forklift Recertification	1 day	Distribution Technician	15 days
